Aug 2026 - Volume 35 Number 3

You can find past issues on the Dairy flat trust website: www.dairyflatcommunitytrust.co.nz and www.wm.nz/my-region/auckland/redvale-energy-park-community-liaison/dairy-flat-newsletter/

Redvale Energy Park Liaison Committee

Current members:

Andrew McNeil	Tender Road
Angela Parsonage	Dairy Flat Hwy
Bob Gibbs	Richards Road
Elizabeth Singh	Auckland Council
Glen Jujnovich	WM Representative
Katherine Mason	Dairy Flat Representation
Katie Hills	Dairy Flat School Principal
Lloyd Richardson	REPSI
Louise Bentley	Auckland Council
Lisa Whyte	Rodney Local Board Member
Nick de Witte	REPSI
Rhys Hopkins	Horseshoe Bush Road
Tony Cowley	Dairy Flat Representation
Warwick Hojem	Chairman

Committee members are elected by the community or appointed to represent key interest groups.

Meeting minutes are available at the WM New Zealand Ltd office.

Members of the public are welcome to attend and speak at meetings. As a courtesy, please provide at least five days' notice to the Secretary, Tara, by emailing Redvale@wm.nz.

The Committee supports open discussion on landfill operations.
For questions or concerns, contact Reception on 09 427 0600 or your local Liaison Committee member.

Dairy Flat Community Trust

EST. 1993

Current Trustees:

Steven Earwaker	Heather Turley
Treve Kunzli	Barb Stubbs
Elizabeth Mackay-Cotter	Glen Jujnovich
Louise Earwaker	

The Dairy Flat Community Trust is a charitable Trust to administer and distribute monies provided for the Community of Dairy Flat by WM New Zealand Ltd.

Should you have any questions concerning the Trust, please contact:

Secretary – Tara Wiggill - Ph: 09 427 0600 or via email-
Dairyflatcommunitytrust@hotmail.co.nz

Important Dates:

Funding Applications open: 17th Jul - close: 11th Sept

WM seeks Fast-track for Auckland Regional Landfill, Wayby Valley

In the May issue of the Dairy Flat Community Trust newsletter, we mentioned that WM New Zealand's proposal to extend Redvale Landfill had been accepted into the Government's Fast-track approvals process (volume 35/2, "*Redvale moves into the next stage of approvals*," page 2), and in June WM advised residents and interested parties by email that they also intended to seek a Fast-track referral for the Auckland Regional Landfill (ARL) in Wayby Valley.

On Friday 31 July, WM lodged that referral application, while continuing to progress the substantive Fast-track application for the proposed time-limited extension of Redvale Landfill and Energy Park.

ARL remains Auckland's long-term solution for managing the region's residual waste. The Fast-track referral doesn't replace the existing Resource Management Act process; rather, it keeps an additional consenting pathway available should it prove to be the quicker option while the current Court of Appeal process continues.

The proposed Redvale extension remains necessary because ARL is unlikely to be operational before Redvale's current consent expires on 31 December 2028. It is intended to provide a transition between the two sites while maintaining Auckland's waste disposal capacity until ARL is operational.

In the Dairy Flat community, WM recognises there are a range of views about both projects. WM remains committed to providing information as the applications progress, and to continuing their engagement with affected communities and stakeholders.

We'll continue to provide updates through future newsletter updates and on the Dairy Flat Community Trust website.

You can also request to be added to WM's mailing list to be informed as key milestones are reached – simply email communications@wm.nz.

Glen Jujnovich
Regional Manager

Appreciating our Operators who get the job done.

Team Lead Johnny Gray has been a familiar face at Redvale Landfill and Energy Park for the past seven years. His day-to-day job involves setting the team up for success each day through allocating and planning jobs and making sure any machinery or process issues are quickly dealt to. But that doesn't mean he stays on the sidelines, and he's always ready to jump into a machine and help wherever needed.

What do you enjoy most about being an operator in the waste industry?

For anyone with an interest in machines and equipment, he says, there's really no better place to learn and build your skillset. "You'll really enjoy the role," he says, plus you'll get valuable hands-on experience that can open doors across the whole civil sector.

"You get to learn how to drive a large range of heavy machinery," Johnny says. "It's kind of hard to get this level of experience anywhere else."

What motivates you to get behind the wheel every day?

Johnny's motivation is pretty simple: he enjoys the work, "it keeps me grounded and gives me purpose." He also gets a lot of satisfaction being part of a hardworking team, and he enjoys the community he works in.

What advice would you give someone starting in the waste industry as a driver/operator?

Johnny's advice for anyone starting out in the industry is to be committed and reliable – it builds trust and is a valuable quality to bring to any job. "There's nothing like having your leaders feel they can depend on you."

When he's not at work, Johnny looks forward to hitting the ski slopes with his family. He puts in the mahi over summer, working weekends and clocking in the hours, all so he can enjoy the slopes in winter: "I go hard at work during the summer and then go hard in the ski season."

Dairy Flat Community Trust: A Year of Community Impact

For more than 34 years, the Dairy Flat Community Trust has been investing in the local community by supporting organisations, projects, and individuals who make a positive difference across the region.

During the 2025/26 year, the Trust received an annual contribution of \$107,999, enabling it to provide \$89,530 in grants to 10 community organisations and \$15,000 in tertiary grants to 10 local students. These investments continue to strengthen community wellbeing, education, recreation, and future opportunities for local residents.

Supporting Organisations That Make a Difference

This year, Trust funding helped a range of organisations deliver valuable services and programmes to the community.

Harbour Hospice Trust received funding for specialist patient care equipment, helping provide safe and effective support to people living with life-limiting illnesses.

Hibiscus Coast Softball Club used its funding to purchase equipment and uniforms, reducing participation costs for families while supporting players and volunteers throughout the season.

No. 5 (Rodney) Squadron Air Training Corps purchased camping and power equipment to enhance cadet training camps, helping young people develop leadership, teamwork, and practical life skills.

Photo Supplied by: Harbour Hospice

Investing in Future Generations

Education remains a key focus of the Trust's work. Through its annual tertiary grant programme, local students receive support to pursue their studies and build skills for future careers.

One of this year's grant recipients, Kaitlyn Bourhill, is studying Chemical and Process Engineering at the University of Canterbury. Trust funding helped ease accommodation costs, allowing her to focus on her studies and practical learning opportunities.

During the year, Kaitlyn achieved excellent academic results while gaining hands-on engineering experience, including designing and building a working water fountain, developing advanced 3D modelling skills, and completing mechanical workshop training.

Photo Supplied by: Kaitlyn Bourhill

Looking Ahead

While continuing to support current community needs, the Dairy Flat Community Trust is also planning for the future through reserve funds set aside for the long-term development of the landfill site following its closure.

Thank you to all grant recipients, scholarship recipients, community organisations, trustees, and supporters who help make the Dairy Flat community such a special place.

Update from Lisa Whyte, Rodney Local Board member. Dairy Flat Subdivision

Litter:

A big issue at the moment is litter – lots of conversations especially about the state of the roadside between Albany village and Dairy Flat. Almost like bin bags were dumped then spread by a mower. Absolutely agree it is an eyesore and it has been reported. Please feel free to report again so we get prompt action.

<https://ask.aucklandcouncil.govt.nz>

The new Council AI tool has made reporting issues much faster than phoning the call centre. Please give it a try if you see illegal dumping, litter, graffiti or have issues like missed rubbish collections, noise or roaming dogs or stock.

General Election:

It is an election year, and it brings some changes due to the 5 yearly boundary review redrawing electorate lines. The boundary review is done to even up representation numbers based on population changes. You will get confirmation of your electorate when you get sent your enrolment details but if you want to check now: <https://vote.nz/maps/find-your-electorate-2026>

Ever wondered about the mechanics of elections? They are recruiting right now for people to work this election – if you are interested check out the details on: <https://work.elections.nz>.

Local Board Plan:

Thanks so much to those who took the time to submit to our Local Board Plan – Rodney received hundreds of submissions, second only to Franklin. The specific information you have taken the time to share will inform our work programme for the next 3 years.

Green Road Park is the open space heart of our area and is getting to be a more popular destination each week for walkers, runners, and horse-riding community who can no longer safely ride on our roads. Thanks to the efforts of our amazing volunteers who are dealing with pest plants and animals and planting trees, and the offsite mitigation work being done by the Penlink team the park is improving each month and we can see the master plan for the park coming to life.

I am currently working with council teams on the current financial years' work programme which will see a toilet installed by the carpark this summer, more pathways, picnic tables and planning for a car park extension.

If you are interested in keeping up with what the local board is doing in the area, I share the specifics of projects and events on my fb page: Lisa Whyte, Rodney local board, Dairy Flat sub-division. Please don't hesitate to get in touch with me if you have any questions or issues, etc

My contact details are:

Lisa.Whyte1@AucklandCouncil.govt.nz

Hello neighbours and friends

As we reflect on the last 12 months as a Trust, we are incredibly proud of our achievements!

41 volunteers gave
577 hours (in reality it was a lot more than this!)

2675 native plants in the ground 

PLUS, a further 2000 native plants grown from locally eco-sourced seeds and distributed to seven other local landowner restoration projects 

106 traps distributed to local backyards.

1391 pests caught (in reality a lot more, these were the catches reported to us) 

It takes a village, and nature thanks you 

We would like to express our thanks to Rodney Board, Auckland Council, Green By Nature and Dairy Flat Community Trust among others in the community to make all this possible

If you are passionate about nature, why not connect with us? We would love to hear from you, and you could help shape and enhance our wonderful natural environment even more for native wildlife!

If you would like to purchase highly effective, subsidised traps from us please get in touch. We have Flipping Timmies, DRats & DOC200s

CONTACT US:

Facebook: Pest Free Dairy Flat & Waitoki

Email: pestfreedairyflat@gmail.com

With your help, we can restore our local environment and bring back more indigenous wildlife to our backyards.

- A chance to meet the coaches
- Membership and coaching info for the new season

It's the perfect opportunity for families to come along, try tennis, and see what the club has to offer.

Come Join the Community

Whether you're picking up a racket for the first time, returning to the game, or looking for a friendly local club for your family, Dairy Flat Tennis Club has something for everyone. The club welcomes new members year-round and encourages locals to come along, get involved, and enjoy the benefits of an active, connected community.

• DAIRY FLAT SCHOOL •

A DAIRY FLAT TRADITION SINCE 1938 – EVERYONE'S INVITED TO AG DAY!

SATURDAY 17 OCTOBER 2026 MARKS THE RETURN OF ONE OF DAIRY FLAT'S MOST CHERISHED COMMUNITY TRADITIONS – THE AIM AG DAY & SPRING GALA, PROUDLY HOSTED BY DAIRY FLAT SCHOOL.

AG DAY IS DAIRY FLAT'S ANNUAL CELEBRATION OF RURAL LIFE, COMMUNITY SPIRIT, AND HANDS-ON LEARNING FOR ALL AGES.

For generations, AG Day has been much more than a school event. It is a celebration of our rural heritage, our community spirit, and the values that have shaped Dairy Flat for nearly 90 years. Each year, the school gates open to welcome families, friends, neighbours and visitors for a day filled with country charm, community connection and plenty of family fun.

At the heart of AG Day are the students and their animals. Many children spend weeks nurturing and caring for calves, lambs, goats or chickens before proudly presenting them to the judges. Through the experience, they learn invaluable life skills including responsibility, compassion, resilience, patience, confidence and leadership—lessons that extend far beyond the show ring.

For students who are unable to raise an animal, there are plenty of other opportunities to participate, ensuring every child can share in this uniquely Kiwi tradition.

But AG Day isn't just about the animals.

Visitors can enjoy delicious food, market-style stalls, children's games, raffles, silent auctions and entertainment throughout the day, making it a fantastic outing for the whole family. Whether you're reconnecting with old friends, introducing your children to a rural tradition, or simply looking for a great day out, there's something for everyone.

COMMUNITIES SHAPE IDENTITY AND AG DAY BRINGS DAIRY FLAT'S IDENTITY TO LIFE.

Every dollar raised on the day goes directly back into our school. This year's fundraising will help create new enhanced outdoor learning spaces, providing our students with inspiring spaces to learn, create and explore for years to come.

THANK YOU TO OUR SPONSORS

Events like AG Day simply wouldn't be possible without the incredible generosity of our local businesses. A huge thank you to **Aim Contracting**, our Premium Naming Rights Sponsor, whose support helps make this iconic community event possible. We also extend our sincere thanks to **Neville Bros**, our Gold Sponsor, who are generously donating the \$2,000 First Prize for this year's community raffle and creating a new Award for our school to cherish for years to come in celebration of their 100th Centenary! The incredible team at **Atkins Projects** is also sponsoring our Kids Zone!

The commitment to supporting Dairy Flat School and our local community is greatly appreciated, and we encourage everyone to support the businesses that support our school. If your business would like to support or be a part of AG Day please get in touch dairyflatschoolpta@gmail.com

DAIRY FLAT SCHOOL PTA

A new chapter for Dairy Flat Motors

Dairy Flat Motors, which has served the local community for over 20 years, recently changed ownership. New managers Jeremy and Heather Booth are happy to confirm it will remain a family run workshop with friendly customer service and quality workmanship. Visitors will see some old faces as well the new ones.

Jeremy has over 20 years' experience in the auto electrical trade. He specialises in late model and European vehicles, most recently through Auto Electric Avenue, which serves the local district as a mobile service. "Keeping our customers in safe and reliable vehicles is our mission", says Jeremy, who was raised in nearby Waitoki.

The garage will continue to provide mechanical repairs, servicing and WOF's, as well as offer auto electrical support via the workshop.

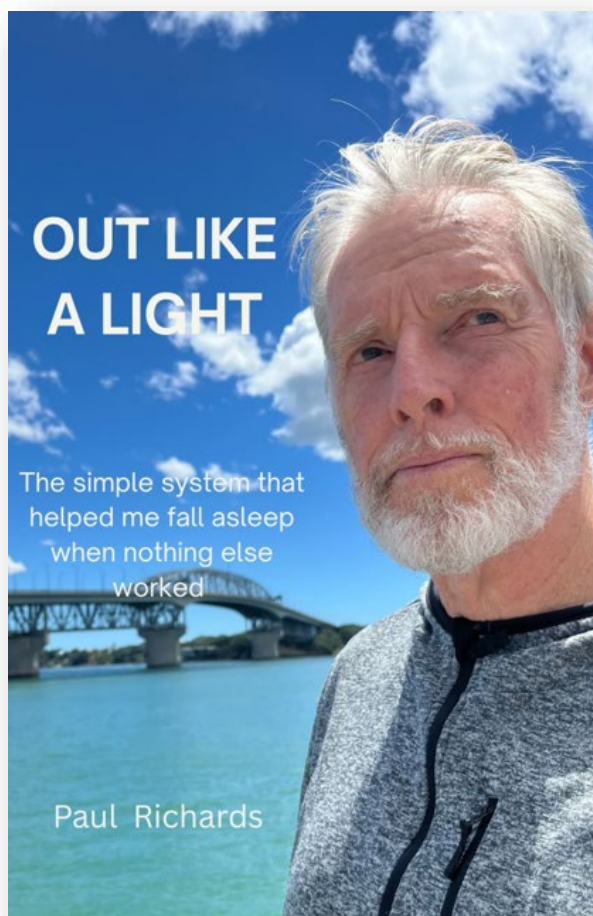

Jeremy and Heather thank long-standing customers for their continued support and look forward to being part of the local community going forward.

To book your vehicle please contact us on 094268220 or admin@dairyflatmotors.co.nz. Or call in and talk to Heather if you are passing.

We are open Monday to Friday 8am-5pm.

Courtesy cars are available.

Dairy Flat Author Shares Personal Battle with Insomnia

Most people have experienced the occasional sleepless night.

For Te Atatū fitness business owner Paul Richards, those nights turned into more than three years of severe insomnia. What began as difficulty sleeping gradually became a relentless cycle of exhaustion, anxiety and frustration.

"The harder I tried to sleep, the less likely it seemed to happen," says Richards.

At its worst, he found himself relying on sleeping medication while struggling to function during the day. The experience impacted every area of his life and left him searching for answers. Eventually, Richards reached a point where he felt hopeless and overwhelmed.

His journey is now the subject of a new book, **Out Like a Light**, which shares both his personal story and the method that helped him regain healthy sleep.

The book introduces what Richards calls the **Sleep Reflex System**, a simple approach taught to him by the late Don Messenger. Richards believes the system changed his life.

"After years of struggling, I stopped taking sleeping pills and found myself sleeping naturally again," he says.

While careful not to claim that one solution works for everyone, Richards hopes the book will encourage those suffering from sleep problems to understand that they are not alone and that improvement may be possible.

Today, Richards owns and operates **Club Physical** in Te Atatū and remains passionate about helping people improve their quality of life.

Out Like a Light is available through **Amazon** and shares both the lessons learned from his battle with insomnia and the techniques that helped him find lasting relief.

Getting your animals there safely

Faster response to odour concerns Text: 8601

If you notice an odour from Redvale Landfill and Energy Park, there's now a simple and much faster way to let us know.

You can text 8601 with details regarding odour, and our Environmental Analyst will be notified straight away. We'll begin an investigation within 30 minutes – usually much faster. Our Investigations are more effective when given as much information as possible – location, time, character, intensity, and frequency.

This new system ensures your messages are never delayed and allows us to respond quickly every time. We'll check what's happening on site, visit the property where the odour has been reported, and work with our operations team to take any action needed.

The Redvale team work hard every day to manage Auckland's waste safely and sustainably, and odour control is a key part of this. Some of the measures in place include daily cover, odour-neutralising sprays, and keeping the exposed working face of the landfill as small as possible.

We appreciate your support as we continue to invest in systems that protect our local environment and community.

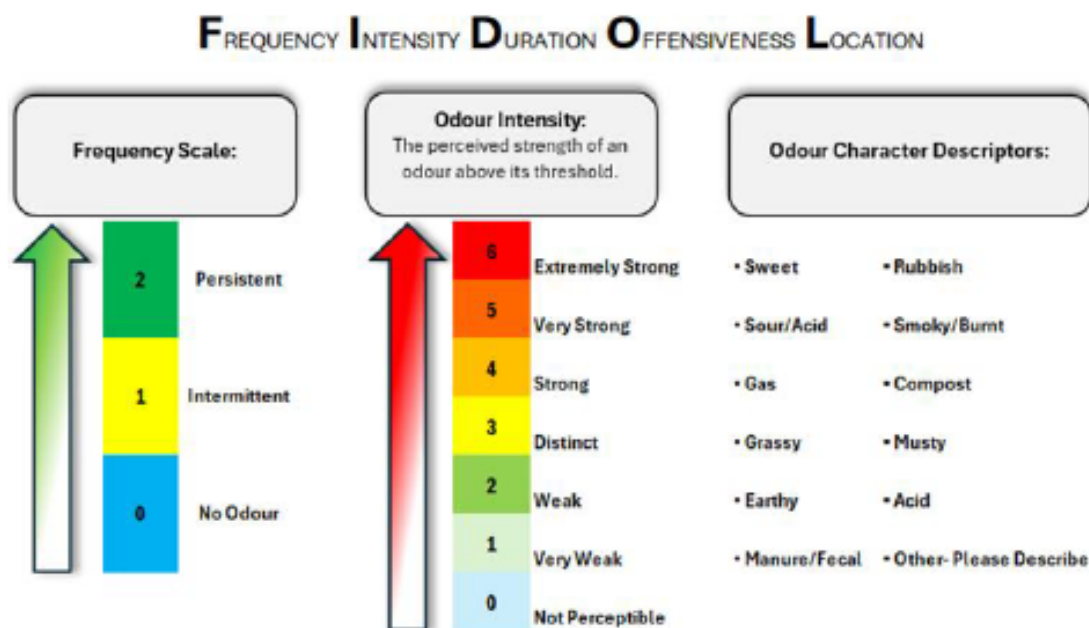

VDI scale for reporting an odour complaint.

Feedback or Odour complaints can be reported to Redvale Landfill through four different methods,

1. Email: redvalecomplaints@wm.nz
2. Phone call: 09 427 0600
3. Text message: **8601 (New)**
4. Redvale Energy Park Community Liaison website

To work with us, please provide constructive feedback only, which includes the following information,

1. Time and location of the odour
2. Type of the odour
3. Character and intensity of the odour (descriptor + VDI number)
4. Frequency of the odour – how often it occurs, duration of the odour and time of exposure.

Please feel free to access Redvale landfill weather station data by using the below link

<https://thingsboard.cloud/dashboard/6d3dbce0-f89a-11e0-9f57-9b0596887f07publicId-d0ff8c80-1051-11f1-8cf2-b5382f6c365c>

Meet Dan, owner-operator of Primo Plumbing, proudly servicing Dairy Flat and surrounding communities.

Primo Plumbing specialise in:

- Bathroom & kitchen renovations
